

VILLAGE OF TOLONO
ORDINANCE NUMBER 88-1

AN ORDINANCE ESTABLISHING TRAFFIC-CONTROL
REGULATIONS (AMENDMENT TO CHAPTER 10,
SECTION 12 OF THE MUNICIPAL CODE)

BE IT ORDAINED by the President and Board of Trustees of the Village of Tolono, Champaign County, Illinois, that the provisions of Chapter 10, Section 12 of the Municipal Code entitled "Traffic Control Regulations", and all prior ordinances establishing specific regulations for stopping and yielding at intersections, are hereby repealed, and the provisions hereinafter set forth are hereby adopted:

SECTIONS:

- 10.12.010 Erection of Signs
- 10.12.020 Provisions and Regulations for Stopping at Designated Intersections
- 10.12.030 Provisions and Regulations for Yielding at Designated Intersections
- 10.12.040 Provisions for Penalty for Violation

10.12.010 Erection of Signs. The streets and alleys committee of the Board of Trustees of the Village shall cause appropriate stop and yield signs to be erected at intersections designated by this Ordinance, which signs shall be maintained during the term of this Ordinance as amended from time to time.

10.12.020 Provisions and Regulations for Stopping at Designated Intersections. The following Traffic Regulations for Stopping at Designated Intersections set forth restrictions which are hereby imposed upon drivers of both self and mechanically propelled vehicles of all types to stop at designated intersections, where stop signs in the standard size, color, shape and

location as prescribed by the Illinois Highway Department and the laws of the State of Illinois, shall be placed.

1. That traffic approaching East Benham Street from the north on South Vorcey Street, South Calhoun Street, South Elizabeth Avenue, South First Street, South Second Street, South Third Street, and South Fourth Street in the Village of Tolono, Illinois, shall come to a full stop where said streets intersect with Benham Street.
2. That traffic approaching South Elizabeth Avenue on East Benham Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where Benham Street intersects with South Elizabeth Avenue.
3. That traffic approaching the intersection of South Bourne Street and East Benham Street from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where Benham Street intersects with Bourne Street.
4. That traffic approaching the intersection of Daggy Avenue on East Benham Street from the east in the Village of Tolono, Illinois shall come to a full stop where East Benham Street intersects with Daggy Avenue.
5. That traffic approaching South Third Street on East Marshall Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where Marshall Street intersects with Third Street.
6. That traffic approaching the intersection of East Larmon Street and South Third Street from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where East Larmon Street intersects with South Third Street.
7. That traffic approaching South Elizabeth Avenue on East Larmon Street from the east shall come to a full stop where Larmon Street intersects with South Elizabeth Avenue in the Village of Tolono, Illinois.
8. That traffic approaching South Elizabeth Avenue on East Marshall Street from the east and west shall come to a full stop where Marshall Street intersects with South Elizabeth Avenue in the Village of Tolono, Illinois.
9. That traffic approaching South Elizabeth Avenue from the east and west on East Broadway Street in the Village of Tolono, Illinois, shall come to a full stop where East Broadway Street intersects with South Elizabeth Avenue.

10. That traffic approaching the intersection of South First Street and East Boone Street from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where First Street and Boone Street intersect.
11. That traffic approaching East Broadway Street on South First Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where South First Street intersects with East Broadway Street.
12. That traffic approaching East Broadway Street on South Second Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where Second Street intersects with East Broadway Street.
13. That traffic approaching South Third Street on East Boone Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where Boone Street intersects with Third Street.
14. That traffic approaching South Calhoun Street on East Marshall Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where East Marshall Street intersects with South Calhoun.
15. That traffic approaching East Daggy Street on South Vorcey Street from the south in the Village of Tolono, Illinois, shall come to a full stop where South Vorcey Street intersects with East Daggy Street.
16. That traffic approaching East Daggy Street on South Bourne Street from the south in the Village of Tolono, Illinois, shall come to a full stop where South Bourne Street intersects with East Daggy Street.
17. That traffic approaching South Bourne Street on East Broadway Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where East Broadway Street intersects with South Bourne Street.
18. That traffic approaching North Bourne Street on East Great Western Avenue from the east and west in the Village of Tolono, Illinois, shall come to a full stop where Great Western Avenue intersects with North Bourne Street.
19. That traffic approaching the intersection on North Bourne Street and East Main Street from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where North Bourne Street and East Main intersect.

20. That traffic approaching the intersection on North Bourne Street and East Holden Street from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where North Bourne Street and East Holden Street intersect.
21. That traffic approaching East Main Street on North First Street from the north in the Village of Tolono, Illinois, shall come to a full stop where First Street intersects with East Main Street.
22. That traffic approaching the intersection of North Second Street and East Main Street from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where Second Street intersects with East Main Street.
23. That traffic approaching East Main Street on North Third Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where Third Street intersects with Main Street.
24. That traffic approaching East Main Street on East Washington Street from the west in the Village of Tolono, Illinois, shall come to a full stop where Washington Street intersects with East Main Street.
25. That traffic approaching East Washington from the south on North Third Street in the Village of Tolono, Illinois, shall come to a full stop where North Third intersects with East Washington Street.
26. That traffic approaching East Washington Street from North East Street from the north in the Village of Tolono, Illinois, shall come to a full stop where East Street intersects with Washington Street.
27. That traffic approaching East Washington Street on North Second Street from the south in the Village of Tolono, Illinois, shall come to a full stop where North Second Street intersects with East Washington Street.
28. That traffic approaching East Washington Street on North First Street from the south in the Village of Tolono, Illinois, shall come to a full stop where North First Street intersects with East Washington Street.
29. That traffic approaching the intersection of North Central and East Washington Street from the east, west and north in the Village of Tolono, Illinois, shall come to a full stop where North Central and East Washington intersect.
30. That traffic approaching East Washington Street on North Elizabeth Avenue from the south in the Village of Tolono, Illinois, shall come to a full stop where Elizabeth Avenue intersects with Washington Street.

31. That traffic approaching North First Street on East Reynolds Street from the west in the Village of Tolono, Illinois, shall come to a full stop where Reynolds Street intersects with First Street.
32. That traffic approaching East Main Street on North Elizabeth Avenue from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Elizabeth Avenue intersects with East Main Street.
33. That traffic approaching the intersection on East Main Street and East Holden Street on North Calhoun Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Calhoun Street intersects with East Main Street and East Holden Street.
34. That traffic approaching North Calhoun Street from East Main Street and East Holden Street from the west in the Village of Tolono, Illinois, shall come to a full stop where East Main Street and East Holden Street intersects with North Calhoun Street.
35. That traffic approaching East Washington Street on North Calhoun Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Calhoun intersects with East Washington Street.
36. That traffic approaching East Walnut Street on North Calhoun Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Calhoun intersects with East Walnut Street.
37. That traffic approaching the intersection on East Walnut Street and North Central Avenue from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where East Walnut Street intersects with North Central Avenue.
38. That traffic approaching East Walnut Street on North Lincoln Avenue from the north in the Village of Tolono, Illinois, shall come to a full stop where Lincoln Avenue intersects with East Walnut Street.
39. That traffic approaching East Walnut Street on North East Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North East Street intersects with East Walnut Street.
40. That traffic approaching East Locust Street on North Lincoln Avenue from the south in the Village of Tolono, Illinois, shall come to a full stop where North Lincoln Avenue intersects with East Locust Street.

41. That traffic approaching North Central Street on East River Road from the west and that traffic approaching East River Road on North Central Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Central Avenue intersects with East River Road.
42. That traffic approaching East River Road on North Calhoun Street from the south in the Village of Tolono, Illinois, shall come to a full stop where North Calhoun Street intersects with East River Road.
43. That traffic approaching the intersection of North Bourne Street and East River Road from the north, south, east and west in the Village of Tolono, Illinois, shall come to a full stop where North Bourne Street intersects with East River Road.
44. That traffic approaching East Leda Street on North Clifford Street from the south in the Village of Tolono, Illinois, shall come to a full stop where North Clifford Street intersects with East Leda Street.
45. That traffic approaching North Clifford Street on East Leda Street from the west in the Village of Tolono, Illinois, shall come to a full stop where East Leda Street intersects with North Clifford Street.
46. That traffic approaching North Vorcey Street on East Locust Street from the east in the Village of Tolono, Illinois, shall come to a full stop where East Locust Street intersects with North Vorcey Street.
47. That traffic approaching North Bourne Street on East Locust Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where East Locust Street intersects with North Bourne Street.
48. That traffic approaching East Walnut Street from North Vorcey Street from north and south in the Village of Tolono, Illinois, shall come to a full stop where North Vorcey Street intersects with East Walnut Street.
49. That traffic approaching the intersection of North Bourne Street and East Walnut Street from the north, south, east and west in the Village of Tolono, Illinois, shall come to a full stop where North Bourne Street intersects with East Walnut Street.
50. That traffic approaching North Vorcey Street on East Vine Street from the east in the Village of Tolono, Illinois, shall come to a full stop where East Vine intersects with North Vorcey Street.

51. That traffic approaching North Bourne Street on East Vine from the east and west in the Village of Tolono, Illinois, shall come to a full stop where East Vine Street intersects with North Bourne Street.
52. That traffic approaching North Calhoun Street on East Vine Street from the west in the Village of Tolono, Illinois, shall come to a full stop where East Vine Street intersects with North Calhoun Street.
53. That traffic approaching North Bourne Street on East Washington Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where East Washington Street intersects with North Bourne Street.
54. That traffic approaching North Vorcey Street on East Washington Street from the east in the Village of Tolono, Illinois, shall come to a full stop where East Washington Street intersects with North Vorcey Street.
55. That traffic approaching North Vorcey Street on East Reynolds Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where East Reynolds Street intersects with North Vorcey Street.
56. That traffic approaching North Bourne Street on East Reynolds Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where East Reynolds Street intersects with North Bourne Street.
57. That traffic approaching the intersection of North Vorcey Street and East Holden Street from the north, south, east and west in the Village of Tolono, Illinois, shall come to a full stop where North Vorcey Street intersects with East Holden Street.
58. That traffic approaching East Main Street on North Vorcey from the south in the Village of Tolono, Illinois, shall come to a full stop where North Vorcey intersects with East Main Street.
59. That traffic approaching North James Street on West Walnut Street from the west in the Village of Tolono, Illinois, shall come to a full stop where West Walnut Street intersects with North James Street.
60. That traffic approaching West Vine Street on North Pease Street from the south in the Village of Tolono, Illinois, shall come to a full stop where North Pease Street intersects with West Vine Street.

61. That traffic approaching North Pease Street on West Cory Lane from the west in the Village of Tolono, Illinois, shall come to a full stop where West Cory Lane intersects with North Peast Street.
62. That traffic approaching West Reynolds Street on North Pease Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Pease Street intersects with West Reynolds Street.
63. That traffic approaching West Reynolds Street on North Watson Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Watson Street intersects with West Reynolds Street.
64. That traffic approaching North Cory Street on West Cory Lane from the east in the Village of Tolono, Illinois, shall come to a full stop where West Cory Lane intersects with North Cory Street.
65. That traffic approaching West Holden Street on North Pease Street from the north and south in the Village of Tolono, Illinois, shall come to a full stop where North Pease Street intersects with West Holden Street.
66. That traffic approaching North Pease Street on West Linden Street from the West in the Village of Tolono, Illinois, shall come to a full stop where West Linden Street intersects with North Pease Street.
67. That traffic approaching West Austin Street on South Cory Street from the north in the Village of Tolono, Illinois, shall come to a full stop where South Cory Street intersects with West Austin Street.
68. That traffic approaching West Austin Street on South Whitehead Street from the north in the Village of Tolono, Illinois, shall come to a full stop where South Whitehead Street intersects with West Austin Street.
69. That traffic approaching the intersection of West Holden Street and North Whitehead Street from the east, west, north and south in the Village of Tolono, Illinois, shall come to a full stop where North Whitehead Street intersects with West Holden Street.
70. That traffic exiting at Tolono Westside Park onto North Whitehead Street in the Village of Tolono, Illinois, shall come to a full stop at the intersection of the exit on the east side of the Westside Park and North Whitehead Street.

71. That traffic approaching West Reynolds Street on North Whitehead Street from the north in the Village of Tolono, Illinois, shall come to a full stop where North Whitehead Street intersects with West Reynolds Street.
72. That traffic approaching North Whitehead Street on West Reynolds Street from the east in the Village of Tolono, Illinois, shall come to a full stop where West Reynolds Street intersects with North Whitehead Street.
73. That traffic approaching West Holden Street on North Galloway Street from the south in the Village of Tolono, Illinois, shall come to a full stop where North Galloway Street intersects with West Holden Street.
74. That traffic approaching West Austin Street on South Galloway Street from the north in the Village of Tolono, Illinois, shall come to a full stop where South Galloway Street intersects with West Austin Street.
75. That traffic approaching North Condit Street on Sharon Drive from the west in the Village of Tolono, Illinois, shall come to a full stop where Sharon Drive intersects with North Condit Street.
76. That traffic approaching North Condit Street on Barbara Drive from the west in the Village of Tolono, Illinois, shall come to a full stop where Barbara Drive intersects with North Condit Street.
77. That traffic approaching North Condit Street on West Holden Street from the west in the Village of Tolono, Illinois, shall come to a full stop where West Holden Street intersects with North Condit Street.
78. That traffic approaching West Holden Street on North Condit Street from the north in the Village of Tolono, Illinois, shall come to a full stop where North Condit Street intersects with West Holden Street.
79. That traffic approaching North Condit Street on West Linden Street from the east and west in the Village of Tolono, Illinois, shall come to a full stop where West Linden Street intersects with North Condit Street.
80. That traffic approaching South Condit Street on West Strong Street from the east in the Village of Tolono, Illinois, shall come to a full stop where West Strong Street intersects with South Condit Street.
81. That traffic approaching West Austin Street on South Condit Street from the north in the Village of Tolono, Illinois, shall come to a full stop where South Condit Street intersects with West Austin Street.

82. That traffic approaching West Austin Street on Phillips Drive from the north in the Village of Tolono, Illinois, shall come to a full stop where Phillips Drive intersects with West Austin Street.

83. That traffic approaching West Austin Street on Pamela Drive from the south in the Village of Tolono, Illinois, shall come to a full stop where Pamela Drive intersects with West Austin Street.

10.12.030 Provisions and Regulations for Yielding at

Designated Intersections. The following Traffic Regulations for Yielding at Designated Intersections set forth restrictions which are hereby imposed upon drivers of both self and mechanically propelled vehicles of all types to yield at designated intersections where yield signs in the standard size, color, shape and location as prescribed by the Illinois Highway Department and the laws of the State of Illinois, shall be placed.

1. That traffic approaching East Broadway Street on South Third Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching East Broadway Street so closely so as to constitute an immediate hazard.
2. That traffic approaching East Boone Street on South Second Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching East Boone Street so closely so as to constitute an immediate hazard.
3. That traffic approaching East Larmon Street on South Second Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on East Larmon Street so closely so as to constitute an immediate hazard.

4. That traffic approaching East Marshall Street on South Second Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on East Marshall Street so closely so as to constitute an immediate hazard.
5. That traffic approaching East Marshall Street on South First Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on East Marshall Street so closely so as to constitute an immediate hazard.
6. That traffic approaching East Larmon Street on South First Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on East Larmon Street so closely so as to constitute an immediate hazard.
7. That traffic approaching East Broadway Street on East Boone Street from the east in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on East Broadway Street so closely so as to constitute an immediate hazard.
8. That traffic approaching South Calhoun Street on East Broadway Street from the east and west in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on South Calhoun Street so closely so as to constitute an immediate hazard.
9. That traffic approaching South Bourne Street on East Marshall Street from the east and west in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on South Bourne Street so closely so as to constitute an immediate hazard.
10. That traffic approaching South Vorcey Street on East Marshall Street from the east in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching South Vorcey Street so closely so as to constitute an immediate hazard.

11. That traffic approaching South Vorcey Street on East Broadway Street from the east in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching South Vorcey Street so closely so as to constitute an immediate hazard.
12. That traffic approaching North Calhoun Street on East Reynolds Street from the east and west in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching North Calhoun Street so closely so as to constitute an immediate hazard.
13. That traffic approaching North Elizabeth Avenue on East Reynolds Street from the east and west in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching North Elizabeth Avenue so closely so as to constitute an immediate hazard.
14. That traffic approaching North Calhoun Street on East Locust Street from the east and west in the Village of Tolono, Illinois shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on North Calhoun Street so closely so as to constitute an immediate hazard.
15. That traffic approaching North Central Street on East Locust Street from the east and west in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on North Central Street so closely so as to constitute an immediate hazard.
16. That traffic approaching East Locust Street on North East Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching East Locust Street so as to constitute an immediate hazard.
17. That traffic approaching North East Street on Maple Street from the east and west in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching North East Street so as to constitute an immediate hazard.

18. That traffic approaching West Reynolds Street on North Cory Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on West Reynolds Street so closely so as to constitute an immediate hazard.
19. That traffic approaching West Holden Street on North Cory Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching West Holden Street so closely so as to constitute an immediate hazard.
20. That traffic approaching West Linden Street on North Cory Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on West Linden Street so closely so as to constitute an immediate hazard.
21. That traffic approaching West Strong Street on South Cory Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching on West Strong Street so closely so as to constitute an immediate hazard.
22. That traffic approaching West Strong Street on South Whitehead Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching West Strong Street so closely so as to constitute an immediate hazard.
23. That traffic approaching West Linden Street on North Whitehead Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching West Linden Street so closely so as to constitute an immediate hazard.
24. That traffic approaching West Linden Street on North Galloway Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching West Linden Street so closely so as to constitute an immediate hazard.

25. That traffic approaching West Strong Street on South Galloway Street from the north and south in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching West Strong Street so closely so as to constitute an immediate hazard.
26. That traffic approaching South Galloway Street on West George Street from the west in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching South Galloway Street so closely so as to constitute an immediate hazard.
27. That traffic approaching South Condit Street on West George Street from the east in the Village of Tolono, Illinois, shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching South Condit Street so closely so as to constitute an immediate hazard.
28. That Traffic approaching East Daggy Ave. on South Bourne Street from the North in the Village of Tolono, Ill. shall slow down to a speed reasonable for the existing conditions and shall yield the right of way to any vehicle in the intersection or approaching East Daggy Ave. so closely so as to constitute an immediate hazard.

10.12.040 Penalty for Violation. The driver or operator of any self or mechanically propelled vehicle who fails to come to a full stop at any intersection where there is a stop sign for the operator's lane of traffic, or who fails to yield the right-of-way to any vehicle in an intersection where there is a yield sign for the operator's lane of traffic, is guilty of a misdemeanor, and will be subject to a fine of not less than \$25.00, nor more than \$200.00.

THIS ORDINANCE shall be effective upon passage.
